**SECTION 3 – DESCRIPTION OF SERVICE (CONTINUED)**

**3.3 Calculation of Distance**

Usage charges for all mileage sensitive products are based on the airline distance between the serving wire center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the serving wire centers as defined in the following manner:

Step 1 - Obtain the "V" and "H" coordinates for the serving wire center of the originating and the destination point.

Step 2 - Obtain the difference between the "V" coordinates of each of the wire centers. Obtain the Difference between the "H" coordinates.

Step 3 - Square the differences obtained in Step 2.

Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating serving wire centers of the call.

Formula:

$$\sqrt{\frac{(V_1V_2)^2 + (H_1H_2)^2}{10}}$$

**SECTION 5 – PREPAID SERVICE**

**5.0 Prepaid Service**

**5.1 Prepaid Calling Cards and Debit Accounts**

Where offered by the Confinement Facility, Inmates may either purchase a Prepaid Calling Card or set up a Prepaid Debit Account for calls made by the Inmate User or Authorized User. Prepaid Calling Cards and Debit Accounts provide an alternative method to make calls and are designed for those Inmates who prefer to prepay for their calls. Calls are made by dialing a special access dialing sequence that connects directly to the Company's network at the Confinement Facility. A valid Authorization Code must be entered to access the account.

The Company's system automatically informs the Inmate User or Authorized User of the Prepaid Balance remaining on the Prepaid Calling Card or in the Prepaid Debit Account and provides prompts to place the call by entering the destination telephone number with area code. Network usage is deducted from the Prepaid Balance on a real time basis as the call progresses. Applicable state taxes and fees are included in the rates and charges for the calls made. On Prepaid Calling Card and Prepaid Debit Account calls, when the Prepaid Balance is one minute prior to depletion, the Inmate User or Authorized User will be interrupted with such an announcement.

Prepaid Calling Card and Debit Account services are available twenty-four (24) hours a day, seven (7) days per week to all terminating locations serviced. Access to such telephone services by an Inmate User may be subject to time-of-day and usage restrictions imposed by individual Confinement Facilities. No minimum service period applies. For debiting purposes, call timing is rounded up to the nearest one (1) minute increment. Usage charges are computed and rounded up to the nearest one (1) cent on a per call basis. Prepaid Balances are not charged for incomplete calls.

**5.1.1 Prepaid Calling Cards**

The Confinement Facilities that offer the option of Prepaid Calling Cards may purchase Prepaid Calling Cards directly from the Company. Inmates then purchase the Cards from authorized personnel at the Confinement Facilities. The Company does not engage in direct monetary transactions with the Inmate. The Inmate may purchase a Prepaid Calling Card in denominations determined by the Confinement Facility. Prepaid Calling Cards are offered only to Inmates at Confinement Facilities and not to the general public. Prepaid Calling Cards are valid for one hundred eighty (180) days from the date of first usage. Unused Prepaid Balances may be used by the Inmate User or Authorized User following release from the Confinement Facility only through the Company's network by dialing a special toll free access number which automatically connects the call to the Company's network.

**SECTION 5 – PREPAID SERVICE (CONTINUED)**

**5.0 Prepaid Service (Continued)**

5.1 Prepaid Calling Cards and Debit Accounts (Continued)

5.1.1 Prepaid Calling Cards (Continued)

Unused Prepaid Balances are not refundable, nor may Prepaid Calling Cards be replenished upon the depletion of the Prepaid Balance. Inmates may purchase additional cards, as permitted by their Confinement Facility.

5.1.2 Prepaid Debit Accounts

For a Prepaid Debit Account, the Inmate may set up the account through the Confinement Facility administrators with an initial payment typically through the Inmate's commissary account, in those Confinement Facilities where this service is available. Upon the depletion of the Prepaid Balance, the Prepaid Debit Account may be replenished by depositing funds into the Account via the Confinement Facility administrator. Prepaid Debit Accounts are considered dormant if there is no activity for one hundred eighty (180) days following the last call made. Inactive accounts will be removed from the Company's system. In conjunction with their release from the Confinement Facility, the Inmate may request a refund from the Confinement Facility administrator.

5.2 AdvanceConnect Accounts

End Users who prefer to pay in advance for Collect Calls that originate from Confinement Facilities, or else if the End User's local exchange carrier does not have a billing and collection agreement with the Company or its intermediary, may set up an AdvanceConnect Account with the Company with an initial payment. The Account is set up with the initial payment and may be replenished by the End User. Applicable state taxes and fees are calculated and deducted from the balance at the conclusion of the call.

When the balance in an AdvanceConnect Account reaches ten dollars (\$10) or below, the End User will receive an automated courtesy call from the Company notifying the End User with such an announcement. If the End User's balance reaches zero prior to replenishment of the Account, the End User will be blocked from receiving further calls from any Confinement Facility served by the Company until the balance is replenished or an alternative billing arrangement is made.

**5.0 Prepaid Service (Continued)**

**5.2 AdvanceConnect Accounts (Continued)**

The End User may request a refund of the available balance in the AdvanceConnect Account either by written request to the Company or by contacting the Company at its toll free telephone number once the End User verifies certain account information. Any such unused balances will expire in one hundred eighty (180) days following the last call made, unless the balance is either fully depleted or a refund has been requested.

AdvanceConnect Account service is available twenty-four (24) hours a day, seven (7) days a week to all terminating locations served. Access to such services by the Inmate User may be subject to time-of-day and usage restrictions imposed by individual Confinement Facilities. No minimum service period applies. **SECTION 5 – PREPAID SERVICE (CONTINUED)**

**5.0 Prepaid Service (Continued)**

**5.3 Inmate Debit**

Inmate Debit is a prepaid telephone account offering made available to Inmates by the Company when permitted by the Confinement Facility. Inmate Debit provides an alternative method for Inmates to prepay for and make calls. An Inmate Debit account associated with the Inmate's Personal Identification Number (PIN) is automatically established by the Company. Inmates fund and replenish their Inmate Debit account through electing to transfer funds from either their facility's inmate trust fund or commissary account to their Inmate Debit account. Inmate Debit accounts may also be funded by inmate friends and family members via the Company's points-of-sale. Funds placed in this account become the property of the inmate.

Inmate Debit calls are processed by dialing a special access dialing sequence that connects directly to the Company's network at the Confinement Facility. Inmates must enter a valid Authorization Code to access their Inmate Debit account. The Company's system automatically informs the Inmate of the prepaid balance remaining on the Inmate Debit account prior to each call, provides prompts to place the call by entering the destination telephone number, and informs the Inmate of the rates for the call being attempted. Call charges are deducted from the prepaid account balance on a real-time basis as the call progresses. Applicable state taxes and fees are in addition to the rates and charges for calling service. During an Inmate Debit call, when the prepaid account balance is one minute prior to depletion, the Inmate will be interrupted with such an announcement.

Inmate Debit services are available twenty-four (24) hours a day, seven (7) days per week to all terminating locations serviced. Access to such telephone services by an Inmate may be subject to time-of-day and usage restrictions imposed by individual Confinement Facilities. No minimum service period applies. For debiting purposes, call timing is rounded up to the nearest one (1) minute increment. Usage charges are computed and rounded up to the nearest one (1) cent on a per call basis. Prepaid balances are not charged for incomplete calls.

Refunds of unused Inmate Debit account balances are issued by the entity controlling the actual cash deposits, which is either the Company, the commissary, the Confinement Facility or its agent, depending on the specific arrangements, unless otherwise directed by state law. Depending on the entity issuing the refund, refund fees and/or minimum refund amounts may apply. The prepaid balance expires ninety (90) days from the date of the last call placed on the Inmate Debit account unless alternative arrangements are expressly requested by the Confinement Facility. No refunds of unused balances will be issued after the expiration date.
