The rates and charges as set forth below are applicable to local, IntraLATA and InterLATA Incarcerated Operator Assisted Service calls originating and terminating within the State of Oklahoma.

Rates

The following maximum rates are applicable for calls placed by Incarcerated Persons of Correctional Facilities. Correctional Facility rates will not exceed these rate caps.

Pursuant to the Federal Communications Commission’s Third Report and Order, Order on Reconsideration, and Fifth Further Notice of Proposed Rulemaking, FCC 21-60, released May 24, 2021 and effective October 26, 2021 (the “FCC 2021 Order”), the jurisdictional nature of an intrastate call depends exclusively on determining the physical location of the endpoints of the call being within the State of Oklahoma. To the extent that location data is not available, a call will be treated as jurisdictionally indeterminate and, therefore, subject to FCC jurisdiction. As a result, all call rates in this tariff are subject to the FCC’s jurisdiction and rules regarding ICS. Securus’ practices in connection with charging ICS call rates in connection with Inmate Calling Services complies with Federal Communications Commission Rule 47 CFR § 64.6030. Also pursuant to the FCC 2021 Order, any lower Oklahoma state ICS rate caps will also apply to any jurisdictionally indeterminate ICS call. If Securus segregates intrastate ICS from interstate ICS based on the physical location of the endpoints of an ICS call, then any other applicable Oklahoma state ICS rate caps will apply. The maximum ICS rates permitted by the FCC 2021 Order are set forth in the following table:

Type / Size of Facility	Maximum Rate Cap
Prison	\$0.14 per minute*
Jails with ADP of 1,000 or more	\$0.16 per minute*
Jails with ADP less than 1,000	\$0.21 per minute

* May include a Site Commission up to \$0.02 per minute pursuant to Securus’ contract with the applicable Correctional Facility.
