I. RATE SCHEDULES

A. TELEPHONE PREPAID DEBIT CARD SERVICE

The Company provides an alternative method to make calls and is designed for those who prefer to prepay for their calls through the use of Prepaid Debit Cards. The Company's Prepaid Debit Card Service allows Incarcerated persons to purchase a Prepaid Debit Card for calls made by the Incarcerated User or Authorized User, offered at the discretion of the Confinement Facility. Prepaid Debit Cards are offered only to Incarcerated persons at Confinement Facilities and not to the general public.

The Company assigns an Authorization Code to the Prepaid Debit Card and provides instructions for accessing and using the service. Calls are made by dialing either a toll-free access number or other access dialing sequence. A valid Authorization Code must be entered to access the account. The Company's system automatically informs the Incarcerated User or Authorized User of the Prepaid Balance remaining on the Prepaid Debit Card and provides prompts to place the call by entering the destination telephone number with area code. Network usage is deducted from the Prepaid Balance on a real time basis as the call progresses. When the Prepaid Balance is one minute prior to depletion, the Incarcerated User or Authorized User will be interrupted with such an announcement.

Prepaid Debit Cards are valid from one year of the date of issuance. Unused Prepaid Balances may be used by the Incarcerated User or Authorized User following release from the Confinement Facility. Unused Prepaid Balances are not refundable, nor may Prepaid Debit Cards be replenished. Unlike a deposit or advance payment, Prepaid Debit Card Service is not billed against future payment, as all service is available for immediate consumption.

Prepaid Debit Card Service is available 24 hours a day, seven days per week. Access to telephone service by an Incarcerated User may be subject to time of day and usage restriction imposed by individual Confinement Facilities. No minimum service period applies. Prepaid Debit Card Service is not distance or time of day sensitive. Holiday discounts do not apply.

Network usage for Prepaid Debit Card Service is deducted from the Prepaid Balance in full minute increments. For debiting purposes, call timing is rounded up to the nearest one (1) minute increment. Usage charges are computed and rounded up to the nearest penny on a per call basis. Prepaid Balances are not charged for incomplete calls.

Upon the depletion of the Prepaid Balance, the Prepaid Debit Card may not be replenished or renewed. Incarcerated persons may purchase additional cards, as permitted by their Confinement Facility.

All In-State Calls

\$0.07 Per Minute

The Federal Communications Commission's Report and Order, Order on Reconsideration, Clarification and Waiver, and Further Notice of Proposed Rulemaking, FCC 24-75, released July 22, 2024 and effective November 19, 2024 (the "FCC 2024 Order"); issued new intrastate rate cap, site commission, and other requirements to be implemented in a rolling manner from January 1, 2025, through April 1, 2026, according to criteria set forth in the FCC 2024 Order regarding each correctional facility contract's effective date. On June 30, 2025, the FCC issued a temporary waiver of the deadlines for implementing the rate cap, site commission, and per-minute pricing rule adopted in the 2024 IPCS Order and extended the compliance date to April 1, 2027. Until the final transition of correctional agencies in California, the maximum rate caps set forth above, will remain in effect.

A. Refusal or Discontinuance of Service Due to Fraud

The Company shall have the right to refuse or discontinue service without advance notice if the acts of the Customer are such as to indicate intent to defraud the Company. This includes fraudulently placing and receiving calls and/or providing false credit information.

B. Refusal or Discontinuance of Service for Violation of Law

CPUC Decision No. 91188 requires that each communications utility, operating under the jurisdiction of the Commission, include the provisions of the rule set forth in Appendix A of that decision as a part of the rules in the utility's price list. In the context of the Company's Prepaid Debit Card Service provided to Incarcerated persons of Confinement Facilities, adjustment of some aspects of this rule may be necessary. Nonetheless, Appendix A of Decision No. 91188 is quoted:

1. Any communications utility operating under the jurisdiction of this Commission shall refuse service to a new applicant, and shall disconnect existing service to a subscriber, upon receipt from any authorized official of a law enforcement agency of a writing, signed by a magistrate, as defined by Penal Code Sections 807 and 808, finding that probable cause exists to believe that the use made or to be made of the service is prohibited by law, or that the service is being or is to be used as an instrumentality, directly or indirectly, to violate or assist in the violation of the law. Included in the magistrate's writing shall be a finding that there is probable cause to believe not only that the subject telephone facilities have been or are to be used in the commission or facilitation of illegal acts, but that the character of such acts is such that, absent immediate and summary action in the premises, significant dangers to public health, safety, and welfare will result.
2. Any person aggrieved by any action taken or threatened to be taken pursuant to this rule shall have the right to file a complaint with the Commission and may include therein a request for interim relief. The Commission shall schedule a public hearing on the complaint within 20 calendar days of the filing date of the complaint. The remedy provided by this rule shall be exclusive. No other action at law or in equity shall accrue against any communications utility because of, or as a result of, any matter or thing done or threatened to be done pursuant to the provisions of this rule.
3. If communications facilities have been physically disconnected by law enforcement officials at the premises where located, without central office disconnection, and if there is not presented to the communications utility the written finding of a magistrate, as specified in paragraph 1 of this rule, then upon written request of the subscriber the communications utility shall promptly restore such service.
4. Any concerned law enforcement agency shall have the right to Commission notice of any hearing held by the Commission pursuant to paragraph 2 of this rule, and shall have the right to participate therein, including the right to present and cross-examine witnesses. Such law enforcement agency shall be entitled to receive copies of all notices and orders issued in such proceeding and shall have both (1) the burden of proving that the use made or to be made of the service is prohibited by instrumentality, directly or indirectly, to violate or to assist in the violation of the law, and (2) the burden of persuading the Commission that the service should be refused or should not be restored.

6. At the expiration of fifteen (15) days after refusal or disconnection of service pursuant to paragraph 1 of this rule, the utility, upon written request of the applicant or subscriber, shall provide or restore such service unless the law enforcement agency concerned shall have notified the utility in writing of its objection to such provision or restoration of service, in which event service may be provided or restored only in a complaint proceeding pursuant to paragraph 2 of this rule.
